

Transforming Tomorrow's Youth™ (TTY)

NAFFA has created a new curriculum to assist Native youth with the ongoing pressures of mental health, substance abuse, and suicide. Our Transforming Tomorrow's Youth Program is based upon the same principles as our Fatherhood is Sacred®/ Motherhood is Sacred® and Suicide Prevention© programs. Our focus is helping Native youth recognize their self-worth, identity, and purpose by connecting them back to their heritage.

Our curriculum consists of 15 sessions divided into 3 days of lesson plans and activities. Each lesson plan outlines specific objectives to be achieved. There are assignments for each session, with a culminating culture-based final project at the close of the program. The curriculum aims to connect the Native youth to the values and principles honored in their culture, while helping them gain the tools necessary to build a happy, safe, and successful future.
